

# PUBLIC LEADER

THIRD YEAR.

MAYSVILLE, KY., THURSDAY, AUGUST 2, 1894.

ONE CENT.

## MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

### THE LEDGER'S WEATHER SIGNALS.

White streamer—Fair;  
Blue—Rain or snow;  
With black above—Will warm;  
With black below—Will warm;  
With black above—Will warm;  
With black below—Will warm;

Unless black shows no change will be.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

## UNDER A POPULIST KING.

When the Populist goes to Congress and the boom begins to boom, All the blackberry bushes with blood oranges will bloom, And the leaves upon the maples in our valleys, on our hills, Will all be greenback currency and all tender bills; For we'll repair the Government and mend the crash of doom When the Populist goes to Congress and the boom begins to boom.

When the Populist runs the Government, and the boom begins to boom, We will weave a web of glory from Time's ever roaring loom, We will fall on beds of flowers, rearing at the summer sky; And our pastures green in anguish from their perils of pie; And will cheer the hearts that languish and revive the hopes that drop With frogs and ambrosia and with quail and turtle soup; For they will repair the Government and mend the crash of doom.

When the Populist runs the Government and the boom begins to boom, We will weave a web of glory from Time's ever roaring loom, We will fall on beds of flowers, rearing at the summer sky; And our pastures green in anguish from their perils of pie; And will cheer the hearts that languish and revive the hopes that drop With frogs and ambrosia and with quail and turtle soup; For they will repair the Government and mend the crash of doom.

## IT'S SO IF IT'S IN THE LEDGER.

The Stanford Fair, held two weeks ago, was a failure on account of Democratic good times. The stockholders will lose from \$6 to \$8 on \$10 shares.

The Ladies' Prayer meeting will meet at the First Presbyterian Church tomorrow afternoon at 4 o'clock. All are invited to attend.

Last Sunday the C. H. and D. put 96 carloads of wheat on the transfer tracks at Cincinnati for continued haulage east via the C. and O. road, and the rate is expected to remain in force for some time to come, as the season of grain shipments on that road has just gotten well under way. This is a valuable aid to this great railroad.

## GOOD WOMAN GONE

Death of Mrs. Harriett Cooper Last Night at 8 O'clock.

Mrs. Harriett Cooper, aged 53 years, died last night about 8 o'clock at her residence on Leo street.

She was the widow of the late Elijah Cooper, and was born in Somerset county, Maryland.

Five children are left to mourn her loss, W. F. Cooper, Miss Martha Cooper, Mrs. Laura Cooper, Mrs. Martha Shouse and Mrs. William Johnson.

She was one of the oldest residents of our city.

She was a faithful and consistent member of the First Baptist Church of this city, being one of the best Christian ladies our city has ever had, and her death will leave a painful void not only in the immediate family, but her church and the entire community as well.

She has been a sufferer but a short time, and her death was that of a salutary lady.

The funeral services will be held at the residence tomorrow at 10 a. m., the Rev. R. G. Patrick, Pastor of the First Baptist Church, officiating, and the interment will be at the Maysville Cemetery.

May her reward be as great as the beautiful example she left behind.

## THE BLUE RIBBON

The First Day of This Noted Fair a Grand Success.

Yesterday was the first day of the Blue Ribbon Fair for 1894, and it was a grand success.

There was some 1,500 people in attendance—a large crowd for the opening day.

The weather was beautiful and the rain last evening will insure a large crowd today, as everything will not be so dusty and the track will be in condition for the races.

The races yesterday consisted of the two-year-old trot first, horses without records. It was won by Oakland Baron, owned by Professor Milan of this city. The best time was 2:30. Purse \$400.

The second race was the 2:30 trot, and it was a close race. Winchester, a pretty piece of horseflesh, won, the time being 2:34. There was a little squabble in the third heat, the Judge having caught on to the driver of Winchester pulling up, not caring to give his horse a record, and they declared all bets off in that heat. The purse in this race was for \$400.

Today's races will be good, there being four, the four-year-old stake, for \$500, the 2:17 trot, 2:30 trot and 2:19 pace, purse \$400, and there will be a large crowd to witness the sport.

## FATE AGAINST US.

The Boys Couldn't Win With a Crippled Pitcher.

The following telegram tells the tale of two cities:

ASHLAND, KY., August 1st, 1894. Ashland won by a score of 14 to 9; a good game up to the eighth inning, when Sparks let down.

This is rather discouraging to the baseball enthusiasts of this city, but you can all bet on Maysville today, as they are going to win.

If you have been visiting your city, or if you are going away on a visit, please drop us a note to let us know.

Miss Lottie Perrine is at Glen Springs.

Miss Mary Kirk of Cincinnati is visiting friends in this city.

Austin Holmes is down from Lexington to see a sure enough Fair.

Miss Lettie Rosser is visiting Miss Maggie Sidwell of Tuckalo.

Mrs. Omar Lytle and son are visiting relatives and friends in this city.

Mrs. S. P. Baird is visiting her sisters, the Misses McCollough in this city.

Miss Bettie Allen is visiting Miss Amanda Johnson at Flemingsburg.

Josh H. DeBell, one of Fleming's best citizens, attended the Fair yesterday.

Leslie Adamson of Cincinnati is up attending the Fair and visiting friends.

Miss Mary Plister of Newport is visiting Mrs. Mary Ralston of Forest avenue.

Mr. and Mrs. White W. Forman and granddaughter of Paris are visiting at Washington.

Miss Katie Burns of Covington is visiting friends in this city and attending the Blue Ribbon Fair.

Dr. H. C. Kehoe and wife of Flemingsburg are down visiting his mother and attending the Fair.

Mr. W. B. Huston of Lexington is visiting his daughter, Mrs. Clara H. Johnson, near this city.

Miss Amanda Crawford of Sherburne is visiting her uncle, Mr. George N. Crawford of Lee street.

Miss Lizzie Coughlin of Augusta has returned home after an extended visit in Maysville and Mayslick.

Miss Maggie Murphy of Murphysville is the guest of her aunt, Mrs. James Swift of East Fifth street.

Misses Rebecca Crain and Berrie Kinkaid are the guests of Miss Lizzie Bishop Sadler of Front street.

Miss Margaret Cuten and Miss Josie Fitzgerald of Lexington arrived last night to visit friends and relatives.

Miss Bessie Shaw of Highland, near Newport, is a guest of Mr. and Mrs. Charles Ellis of Forest avenue.

Miss Adie Chambers has returned to her home in Maysville after a visit to her sister, Mrs. Frank Armstrong.

Miss Luella Grimes of Paris and Miss Rebecca Martin of Millersburg are guests of Miss Maude Kirk at Edgewood.

Miss Alice Langham of Chicago arrived yesterday afternoon on a visit to John Shies and family of East Fourth street.

Messrs. George and Henry Fogue, Mr. Metcalfe and others came over from Brookville yesterday morning to take in the Fair.

R. L. Davis and daughter, Miss Louise, the former a native of this city, are here from Lima, O., visiting Mrs. John H. Wilson of East Third.

Miss Nettie Smith, daughter of Mr. Ben Smith of this city, is visiting her cousin, Mr. and Mrs. William Lawrence of East Walnut Hills, Cincinnati.

Miss Jennie Clifton Taylor of St. Louis, after spending some time in this city with friends and relatives, went to Maysville yesterday to visit Mrs. Sanford Mitchell.

Miss Wardrop sends 200 stamps for Miss Dollie Rose.

The blackberry crop of Nicholas county is estimated to be worth \$12,000 this year, and Green Keller is happy.

Lexington's causing factory is giving employment to fifty hands. They are putting up 8,000 cans of blackberries daily.

There were five fires all at one time along the line of the Front street viaduct yesterday, the one in front of the Hill House gaining considerable headway. The flames were caused by coals from passing engines.

Yes; The LEDGER yesterday had up its "rain or snow" signal, and as it rarely does "snow in August" in this latitude, it just took a notion to rain about 5 o'clock. And it rained. It rained some more. And it was a glorious God-given rain that rained.

FROM THE CAMP.

What is going on at Ruggles Campground Among the Visitors.

Ruggles Campground has never looked so beautiful and inviting as now. This locality has not suffered from drought since some other parts have. The grass is fresh and green, the water is abundant and most refreshing to the thirsty people as they arrive over the dusty pikes and through the scorching rays of the sun that pours down its melting heat without respect of person.

The young trees are growing with a thrift and beauty that cannot fail to attract and charm every lover of Nature. The deep shadows that fall from the rich, heavy foliage of the larger trees, ample for man and beast, are lovely and beautiful beyond all description.

Those who come from the towns and cities feel that they have been thrust into a new world, with new atmosphere, new water, new grass and trees. The blood courses the veins, swelling with the flow of a new life, and the pulse beats with a quickness that makes the most ungrateful feel like thanking God for such a delightful world in which to live.

The tents are all rented and most of them occupied. We have been coming here every summer for twelve years, only missing one summer in that number, and have never seen so many people here as the above the religious services began.

Some improvements have been made. Rev. M. A. Wallingford has added a handsome new cottage near the preachers' tent.

The preachers present are G. R. Frensch, President of the Convention, District D. P. Holt and John Chesap, Maysville; M. A. Wallingford, Tollebore, A. Boring, Dayton.

There are twenty-four families now in the tents. They are from Maysville, Vanceburg, Mt. Carmel and the vicinity surrounding the Camp.

Rev. A. Boring preached the opening sermon at 7:30 p. m.

Everything looks favorable for a grand success along spiritual lines.

Tris Lapsus is a most welcome visitor to the Camp. It is anxiously looked for.

## WEEKLY REPORT.

The Condition of Kentucky's Crops Up to Tuesday.

The week closed with but little if any improvement over the conditions noted in last report. The temperature was slightly above the normal and there was a large percentage of cloudy weather.

Severe showers fell at intervals during the week, and do not appear to have favored any portion of the state more than another. At the best, these rains are rule were light and covered only belts or spots of limited area. The general aspect of the crops is not so encouraging, though with a few exceptions the damage is surprisingly small considering the season and weathering conditions.

Many of the crops are not so well as they have been subjected. The principal crops yet unharvested are corn and tobacco, and these have not suffered to such an extent as to be beyond restoration with favorable weather conditions. It is very difficult to determine with any accuracy what is the average state of the crops. Many of the reports received are of the most favorable tone, while others coming from contiguous localities represent the prospects as being very gloomy.

The complaints of the damaging effects of the drought to pastures and gardens are general, the indications being that all late garden products will be very short. Pastures in many localities are completely dried up, and the stock is suffering from lack of food.

Water for domestic and stock purposes is therefore very scarce. The hay crop was also in line condition, but reports indicating a shortage in the yield continue to be received. A good crop of millet seems to be assured.

It is reported to have improved since last week.

Corn is standing the drought very well, particularly the late planted portion of the crop, but as one correspondent expresses it, it is rapidly approaching the danger line. In some sections the corn crop is reported to be suffering seriously, but so far no general damage to the crop has occurred, though the dry weather is undoubtedly retarding its growth. With favorable conditions from now on, a good yield may be expected.

The weather outlook for Kentucky during the next 48 hours is for generally fair, with possible local showers and continued high temperature.

IN MEMORIAM.

The Late Christopher Russell as a Man and a Citizen.

One by one the rugged yeomen leave us to take part in the work of this civilized country, whose no man returns.

Such an one is the late Christopher Russell. A pioneer in the camp of Maysville, he helped to build it, and with patriotic pride watched its growth when his children, hiselms have come no longer place a stone in the many monuments which now adorn the city of his adoption.

To such men Maysville owes a debt which gratitude and tender memory alone can cancel.

The writer remembers this fine gentleman since his boyhood days; remembers him as a modest, unpretentious and unassuming man; empty of much speech, but alive and full of action and deeds; slow to put himself to the front, save only when his strong intelligence spoke to him, and said "Go!"

His brave manhood, regulated by a high sense of duty when occasion called, surmounted the modest, retiring characteristics in his nature and forced him to take position in the front rank of those noble, serious and enterprising citizens who have made Maysville a charming home to live in.

The affection which prompts this poor tribute to the memory of Christopher Russell is but as a grain in the great measure of his fellow-citizens who knew him, loved and admired his honest, manly, simple life, and who, whilst they mourn his departure from their midst, feel that their lives have been made sweeter and better from having known and associated with this "Nature's nobleman."

No act of his in all his long life with us ever caused but to a single fellow citizen, and he is asleep in the embrace of that great Eternity which is kind mother to us all, honored by everyone who knew him, and leaving a memory which "smells sweet and blossoms in the dust."

Run! Run! Run!

We are making a home run on Lee Corner Freights this week only. Bierbower & Co., No. 212 Market street.

## POPULAR EXCURSION.

Niagara Falls via Big Four Route Tuesday, August 14th.

Side trips to Lake Chautauque, Toronto and Thousand Islands. This will be the grandest excursion of the season, running through Niagara Falls via Lake shore and Michigan Southern Railway and New York Central Railroad, with solid train of elegant coaches, reclining chair cars and Wagner sleeping cars. No change of cars at any point and no delays en route going or coming. Big Four excursionists will not be compelled to lay over at junction points for connection. Tickets good returning on all regular trains within five days from date of sale. Thousand Islands tickets good ten days from date of sale. Only \$5 round trip from Cincinnati to Niagara Falls; only \$1 more to Toronto and return; only \$1 more to Thousand Islands and return; only \$4 to Lake Chautauque and return. Corresponding low rates from points on the Queen and Crescent, Louisville and Nashville and Chesapeake and Ohio Railways in connection with this excursion. Ask nearest agent of these lines for particulars.

E. O. McCORMICK, Passenger Traffic Manager.

D. B. Martin, General Passenger Agent.

"My little boy was very bad off for two months with diarrhoea. We used various remedies, but nothing did him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a reliable or cholera medicine." J. E. Hart, Trenton, Tex. Twenty-five and 50 cent bottles for sale by Theo. C. Power, Druggist.

## THE BEST OF ALL!

GET THE "MAGIC CITY" ART PORTFOLIO NOW!

During THE LEDGER'S distribution of the handsome Magic City Portfolio, many patrons did not, through neglect, save their coupons, get the complete set.

That all who have the sets, the missing numbers will be supplied to all persons presenting the following coupon and paying ten cents for each number wanted.

\$1.80.

On presentation of this Coupon to us at The LEXINGTON OFFICE, a name will be entered for a complete set of the magnificent "MAGIC CITY" Portfolio.

Those who have gotten only a part of the set can get remaining numbers by presenting this coupon and paying ten cents each for the number.

\$1.80.

This offer will continue for a short time only. In order to secure this rare work of art, we advise you not to miss it.

A WASHINGTON correspondent says that in the campaign of 1892 CLEVELAND had the support of many business men in New York. If he were a candidate for re-election this fall not one out of a hundred of those who worshipped him then would vote for him. They thought then that he was a man above others, and that with him at the head of the Government there would follow a prosperity and boom that would surpass all other periods of business since in the history of the country. Instead of prosperity poverty reigns. Instead of a growth of business, it has fallen far below the average. Instead of a brilliant Administration of public affairs, there has been an Administration of failure and incompetency. The New York business men in 1892 thought that with President CLEVELAND at the helm the Treasury would stand as a rock of safety. They expected that he would appoint a Secretary who would insure a safe administration of that department. They expected the appointment of a practical business man, and not that of a theorist. They were disappointed when CARLISLE was appointed, but took hope from the belief that CLEVELAND himself would cover up all the shortcomings of the Secretary. The light made by the President successfully for the repeal of the Sherman Silver Law, which was only accomplished after the President had received what was practically the united support of the Republicans, gave a temporary confidence to the business people of the country.

The dwindling of the gold reserve; the incapacity manifested in the Treasury Department, which equaled that in Congress; the substitution of theories for practical experience, and the indication that if anything were to come from the Treasury Department it would be more than useless, caused a loss of confidence which was disastrous. The bond issue, made at a late date, gave a sort of revival of hope, which the decrease of the gold reserve and the inability to issue more bonds, or rather the unwillingness to do so without another bond law, which Congress would not pass, soon destroyed.

Business men who come to Washington denounce the Administration for its financial incapacity. They anathematize the Democracy for not making finances solid. They worry over the loss of gold, and are absolutely without confidence in the Administration, aware that if anything is to be done it must be done by the banks themselves.

The correspondent has had conversations with a number of these business

men, particularly with those from New York, and they say that the New York bankers are at their wits' end over the loss of gold and the incapacity or unwillingness of the Democrats, either in Congress or in the Administration itself, to come to their assistance. They say that unless something is done but soon to go to worse, and that instead of every dollar being equal to every other it will not be surprising if gold goes to a premium and further financial trouble overtake the country, which is now suffering from a short period of Democratic maladministration.

They express the hope that after Congress adjourns and they have some doubt that it will ever adjourn—another bond issue will follow, and the gold reserve be thus built up. On the other hand, they have a lack of confidence in "Cleveland bonds," as they call them, and have grave doubts whether they can be floated advantageously since the opposition to a bond issue on the part of the Southern and Western Democrats has created a fear that they may be finally repudiated.

President CLEVELAND and his Administration are fully aware of the dangers of the financial situation, but hope and pray that the adjournment of Congress, after having passed a Tariff Bill, may restore confidence, set the tide turning our way and revive the country from the paralysis it now suffers. The President is studying to see how the gold reserve can be upheld, but so far has seen no way out of the difficulties. With the reserve far below fifty millions, and almost one-half of what it was when the present Administration came in, and with a constant demand for gold abroad and a growing lack of confidence in our securities because of the incapacity of the Democracy and labor agitators, and with a probability that another week will see a further drain on the reserve, although Administration officials express the belief "that the tide will soon turn our way," it is known that anxiety has taken the place of confidence, and despair has almost gained hold of the former confidence and blooming President and his theoretical Secretary.

It has been said that "even the Democracy cannot ruin the country," but where the revival and additions to the gold reserve are to come from no one knows and everybody wants to know.

## CHICAGO FIRE.

### The Greatest One the City Has Had Since 1872.

Loss Placed at Over Three Million Dollars, Insurance One-Half.

The scene was the lumber district, bounded by Ashland avenue, the South River, the Chicago River, Island Avenue and Roby street.

Chicago, Aug. 2.—Flames Wednesday night destroyed more property in a shorter space of time than any fire which has visited Chicago since the second great conflagration in 1872, over \$3,000,000 worth of lumber, electric apparatus, cars, car wheels, castings, stoves, patterns, buildings and other material being consumed in a blazing furnace of over half a mile square in less than three hours' time.

The scene of the fire was what is known as the lumber district. The territory burned over was bounded by Ashland avenue on the east, the south branch of the Chicago river on the north, Blue Island avenue on the south, and Roby street on the west. The fire was the worst which the fire department has been called on to fight in the last twenty-two years.

There were very few casualties among the firemen and spectators. The only death, so far as heard from, was that of a boy who fell from a lumber pile on a River street yard and was drowned.

Among the firemen injured were the following:  
Lieut. McGann, tripped by pipe thrown by fireboat Geyser and thrown into blazing lumber and badly burned.  
J. P. Phelan, 247 Orchard street, burned in the same manner; removed to hospital.

Pipeman Flaherty, seriously burned in the same manner and taken to hospital.

Assistant Marshal Muscham, blown by the fireboat Geyser into the river, cut and bruised.

James Connor, blown from lumber pile, cut and badly bruised; taken home. The wind was so strong that it was blown from his clothes and lost.

Dozens of firemen, who could not have fought the flames any harder if their homes had been burning, saw lives in danger, were overcome by the heat and smoke, but after a brief rest they renewed the fight.

At 9:30 clock Chief Sweeney informed a reporter for the United Press that the conflagration was under control, although the lumber yards and buildings adjoining on Ashland avenue and the south branch of the river were burning fiercely. There seemed to be some danger at that time of the flames jumping across the river east of Ashland avenue.

The lumber to be cast, however, was thoroughly soaked, the firemen having made the greatest fight against fearful odds that has been placed to their credit in many years.

The money loss is estimated in haste and with much excitement in the majority of cases by responsible employees or members of the concerns burned out, and aggregating \$3,000,000.

As for the insurance, some of the sufferers would not or could not give any specific totals, but all the big lumber yards and owners and representatives of the Siemens, Wells and French companies, Chicago Stove works, Barber Asphalt Co. and smaller concerns said the properties were well insured. The total insurance, however, will probably not exceed half the amount of the loss.

The fire began at the corner of S. K. Martin's slip, just west of Lincoln street, and close to the Blue Island edge of the yards. No one seems to know how the flames started. The warehouse man in Martin's yard was the first to notice the fire and start to give the alarm.

The alarm quickly followed another, until several calls for special engines had been sent by the veteran Chief Sweeney. Engines came such a distance that the horses were unable to move faster than a walk on account of the heat.

It was 6:40 when the first alarm rang in, and in half an hour all the big fires of industry were drowned. The elements seemed to be engaged in a conspiracy to bring, if possible, a repetition of the days of 1871 to the people of Chicago.

Chicago owes its safety Wednesday night to the heroic work of the death-defying fire fighters. They actually went between narrow flaming walls of wood to check the scorching, fear-inspiring sweep of the flames.

The beginning of the fire was accompanied by all the evidence of an electric storm and heavy rain.

Heavy black clouds approached the earth and covered the sky. Instead of a welcome rain to help the firemen there came suddenly gusts of wind, which quickly developed into a wind storm, but little rain fell.

This gale paralyzed the bravest efforts of the scores of fire engines, and lines of hose held by men who allowed themselves to be hemmed in by the sea of flames in order to work on the burning masses to greater advantage. Their comrades were compelled to keep an avenue of escape open by seeking narrow pathways of lumber piles.

The wind drove the flames and burning brands from the lumber piles across the yards of S. K. Martin into the yards of Perley, Lowe & Co. and across in flames before the department could really arrange the fire-fighting forces to advantage or throw an effective stream on the burning mass.

The drought, which has been over Chicago for the last five weeks had dried the millions of feet of lumber until it was like kindling wood in an oven. A dozen fire departments could not have saved the yards and the other big properties destroyed.

The burning lumber spread over such a wide area and because such an immense fire in an incredibly short space of time that the marshaling and other officers of the fire department realized the futility of trying to stem the southern and eastern progress of the flames.

So they directed their gallant army to turn the fire toward the river. In fact the work was done back of the line of the fire force was employed in forcing the fire in that direction while another contingent kept it in check east of Ashland avenue. It would have been fool's play to throw water against the gale when acres of lumber were rising in flames and still smoke obscuring the sky all over the city of Chicago. Happily, at 9 o'clock, the wind, which had in the meantime become lighter, changed to the southerly, just fitting in with the plans of the firemen, and in half an hour it had died away, leaving the department to vanquish the fierce foe at their leisure, compared with the situation for the previous three hours.

**A CRANK**  
Calls at the White House and Life is Given a Hide in the Patrol Wagon.

WASHINGTON, Aug. 2.—The immunity from cranks which the white house officials have enjoyed for a few weeks was rudely broken on Wednesday by the appearance at the main doorway of an under-sized man dressed in working clothes and carrying a bag of stones. The man was Thomas Cadogan and gave his address as the Larkin house on Pennsylvania avenue. In an excited manner he told the watchman: "I want to see the president."

"What for?" queried the policeman.

"They want to put me underground. See and I want to tell the president about it; and you must not stop me," replied Cadogan nervously.

A telephone call brought a patrol wagon in front of the house and was carried to the Third precinct station. Some cranks were found in his pockets, making it appear that Cadogan was in some way connected with the permission to "line" the capital building. He had called before at the white house, but was tractable and persuaded to go away. In a note left for the president he complained that the watchman kept him from discussing matters of importance with Mr. Cleveland.

**Lincoln Institute Burning.**  
JEFFERSON CITY, Mo., Aug. 2.—At half past three Thursday morning lightning struck the Lincoln institute, and the building is now burning and is threatened with total destruction. The building contains very valuable machinery and paraphernalia. It is situated two miles from the city and is inaccessible to water. The loss can not be estimated at this hour.

**Public Debt Decreased.**  
WASHINGTON, Aug. 2.—The debt statement issued Wednesday afternoon showed a net decrease in the public debt, less cash in the treasury during the week of \$1,441,000. The interest-bearing debt increased \$700, the non-interest-bearing debt decreased \$4,655.50, and the cash in the treasury increased \$1,441,000.

**U. S. Judge Ricks to Be Investigated.**  
WASHINGTON, Aug. 2.—The attorney general says he will at once send a special agent to Cleveland to make examination of the charges made against Judge Ricks of sending a draft for \$50,000 to the treasury department in his account as a clerk of the U. S. court, March 15, 1893.

**Killed His Man.**  
MEMPHIS, Tenn., Aug. 2.—Dan O'Donnell, a resident of South Memphis, and a local politician of some note, shot and killed a negro, John Bonner, at noon Wednesday. Bonner was crawling out of the window of a house from which the residents were absent.

**Embassies Bank Officer Sentenced.**  
WASHINGTON, Aug. 2.—In the United States court of Judge Hall sentenced Wm. Garvin, formerly collection clerk of the Carbonate National bank of Leadville, to the United States prison at Joliet for the term of five years. Garvin was found guilty of embezzlement of various small amounts.

**Weavers Want to Be Sent Home.**  
WASHINGTON, Aug. 2.—A delegation representing 600 of Kelly's weavers called on the district commissioner Wednesday and asked to be sent home. The commissioners promised they would do all in their power for the sufferers.

**Bryan Will Be the Editor.**  
OMAHA, Neb., Aug. 2.—Congressman W. J. Bryan will shortly assume editorial control of the Omaha Daily World Herald. The paper will also advise the free and unlimited coinage of silver and oppose the Cleveland democrats in the coming campaign.

**The Case Compromised.**  
WASHINGTON, Aug. 2.—Secretary Carlisle has compromised the case against Charles Mendel & Co. of Ohio, for violation of the oleomargarine law by their paying \$100.

## **SPRINGDALE.**

Miss Lulu Tully, who has been very sick, is thought to be a little better.  
 Miss Georgia Davidson of Stonelick visited friends here the last of the week.  
 Howard and Charles Williams of Limestone visited relatives here the past week.  
 Mr. John Dean and wife of near Germantown visited relatives here a few days ago.  
 Frank and Dan Martin of West Liberty spent the past week with friends and relatives here.  
 Dr. A. N. Ellis of Adams county was here Sunday to visit his patient, Master U. P. Degman.  
 Miss Flora Tully has been the charming guest of her cousin, Miss Bette and Maggie Bess, for several days.  
 Misses Daisy and Annie Cole of Pearl and Daisy Day of Concord were the pleasant guests of their sister, Mrs. C. G. Degman, and other relatives in Campbell county.  
 Mrs. J. W. Tully of Cottageville and Mrs. R. C. Williams of Limestone were the pleasant guests of their sister, Mrs. C. G. Degman, Saturday and Sunday.  
 The Little Boy is now the only boy that comes to our landing on time and the Silver Wave, whose daily visits are like clock work. The Bay received a large lot of stock on Monday, mostly lambs.

## **Madison Female Institute.**

Thirty-sixth year opens September 11th under the management of Mrs. A. B. Bourne and Miss Alice Lloyd, late of Hamilton College, Lexington, Ky. Buildings commodious, hot and cold baths and electric heating system, large, airy, well lighted and ventilated. Grounds covered by four acres, affording ample space for tennis court and other outdoor amusements. Commencing on a hill overlooking the beautiful city of Richmond, within a few minutes walk of the business portion, thus combining the advantages of a city with the retirement of a country. The Institute is a non-sectarian institution, and is open to all who are desirous of acquiring a liberal education. The course of instruction is thorough and practical, and is adapted to the needs of the times. The Institute is a non-sectarian institution, and is open to all who are desirous of acquiring a liberal education. The course of instruction is thorough and practical, and is adapted to the needs of the times.

## **TESTIMONIALS.**

LEWISTON, Ky., May 20th, 1904.  
 I give my pleasure to say that I am well acquainted with the character and work of Mrs. A. B. Bourne and Miss Alice Lloyd, and that I think the Madison Female Institute very fortunate in securing their service in its management. They are both ladies of culture, executive ability and of skill in the art of teaching. No student in Kentucky or Ohio could hesitate to place daughters under their care or instruction.  
 J. W. MCGAHEY.

## **THE EDITOR OF THE LANCER.**

Mr. U. P. Degman, while at work in the barn some time ago, got something into one of his eyes. Severe inflammation followed and he is yet confined to a dark room.

## **AT A MEETING OF THE REPUBLICANS OF HANCOCK COUNTY.**

At a meeting of the Republicans of Hancock County, held in the Courthouse at Morehead on the 30th day of July, 1904, J. M. Carey was called to the chair and Logan Stewart was made Secretary, and the following resolutions were unanimously adopted:  
 Resolved, That in the Hon. James E. Clarke, our fellow citizen and countryman, we recognize a man of unwavering integrity, a Christian sentiment and eminently qualified for the exalted position of Judge of the Court of Appeals and in every respect worthy of our confidence and support. As such we recommend him to the Republicans of the Sixth Appellate District of Kentucky and earnestly ask that he receive the endorsement of the Republicans of said District for said position.  
 Resolved, That we request Mrs. Mayville Public Ledger, The Vaneburg Sun, The Greencup Gazette, The Flemingburg Gazette and all other Republican papers of the District to publish the proceedings of this meeting.  
 Resolved, That this meeting adjourn.  
 J. M. Carey, Chairman.  
 Logan Stewart, Secretary.

## **PARIS.**

Where did it rain Monday evening?  
 Mrs. Myrtle Houston of Mayfield is visiting her father, Mr. H. W. Sparks. We see notices of six ice cream suppers this week and still there is room for more. Where and what has become of the rain making machine we used to read about?  
 Miss Daisy Day of Concord returned home Monday after a pleasant visit to friends here.  
 Professor George E. Dunbar and wife of Vaneburg are the guests of Mrs. Mary E. West.  
 Miss Annie Clarke of Cincinnati is visiting her sister, Mrs. Emma West, and other relatives of this place.  
 Misses Glaze of Russellville, O., and Miss Williams of Ripley, O., are the guests of relatives and friends here.  
 Did the recent rains do any good? Take a general look at the corn and tobacco crops and tell us the prospects. The regular ice cream supper at the Postoffice was well represented last Saturday evening. Among the guests we mention Miss Daisy Day of Concord.

 Dr. Appelman of Louisville was at the Mineral Well House Wednesday.  
 Miss Mamie Harover of Manchester is visiting her cousin, Miss Tillie Kate made Secretary.

## **AT A MEETING OF THE REPUBLICANS OF HANCOCK COUNTY.**

At a meeting of the Republicans of Hancock County, held in the Courthouse at Morehead on the 30th day of July, 1904, J. M. Carey was called to the chair and Logan Stewart was made Secretary, and the following resolutions were unanimously adopted:  
 Resolved, That in the Hon. James E. Clarke, our fellow citizen and countryman, we recognize a man of unwavering integrity, a Christian sentiment and eminently qualified for the exalted position of Judge of the Court of Appeals and in every respect worthy of our confidence and support. As such we recommend him to the Republicans of the Sixth Appellate District of Kentucky and earnestly ask that he receive the endorsement of the Republicans of said District for said position.  
 Resolved, That we request Mrs. Mayville Public Ledger, The Vaneburg Sun, The Greencup Gazette, The Flemingburg Gazette and all other Republican papers of the District to publish the proceedings of this meeting.  
 Resolved, That this meeting adjourn.  
 J. M. Carey, Chairman.  
 Logan Stewart, Secretary.

## **PARIS.**

Where did it rain Monday evening?  
 Mrs. Myrtle Houston of Mayfield is visiting her father, Mr. H. W. Sparks. We see notices of six ice cream suppers this week and still there is room for more. Where and what has become of the rain making machine we used to read about?  
 Miss Daisy Day of Concord returned home Monday after a pleasant visit to friends here.  
 Professor George E. Dunbar and wife of Vaneburg are the guests of Mrs. Mary E. West.  
 Miss Annie Clarke of Cincinnati is visiting her sister, Mrs. Emma West, and other relatives of this place.  
 Misses Glaze of Russellville, O., and Miss Williams of Ripley, O., are the guests of relatives and friends here.  
 Did the recent rains do any good? Take a general look at the corn and tobacco crops and tell us the prospects. The regular ice cream supper at the Postoffice was well represented last Saturday evening. Among the guests we mention Miss Daisy Day of Concord.
